## *Greetings*

From a railroader's hobby our business has grown to a commercial enterprise.

Starting with some twenty-five or thirty varieties, most of which are long since gone by the wayside, each year we have added new varieties and the proven best of the older ones until today we have a collection of tested kinds excelled by none.

Many of the Honor Roll Dahlias on the market today were originated in our gardens and sold to large commercial growers.

About 50 percent of our Dahlias are our own origination which we grow in our test gardens for two or three years, then either discarded or sent to the National Trial Garden at Storrs, where they are scored by competent judges.

Herein you will find a few that have proven their metal, however, we have many others.

If you don't find what you want listed here, kindly write us. We can likely furnish them and at a price that will save you money.

You are cordially invited to visit us during the blooming season, when you will find many interesting varieties not listed in any catalogue.

Sincerely Yours,

EMORY JENNINGS.

# PRIZE WINNING AND HONOR ROLL

## DAHLIAS

## *Introducing* **WOOLROC**

An informal decorative of artistic formation on cane-like stems, held well out of the foliage.

A very strong grower—insect resistant—very large and prolific flowers ten to twelve inches by six inches deep.

Received a Certificate of Merit at Storrs, 1932.

Color—Orange Buff; back of petals Old Rose.

Strong Roots.

**\$ 7.50**

## *Prince of Mars*

A beautiful Spectrum Red informal decorative that made many friends at Storrs in 1930, where it received a score of 84.

Plants grow tall and rebust, with excellent habits, foliage and stems.

Roots

**\$ 2.00**
